Latherz All-In-One Bathing Sponge

In this unique sponge, water activates the soap on the “light as a feather” sponge to produce a convenient, all-in-one product. The single use soaped sponge is designed for personal hygiene in hospitals, health centers as well as home and personal use.

Bathing sponges significantly reduce the resources needed to bathe patients, while still providing a dignified experience.

Latherz is also great to use when camping, hiking, for pets and children, and for all those times that a conventional shower is not an option.

EASY TO USE INSTRUCTIONS

Add small amount of water (1-3 ounces).

Rub 15 seconds for a bubbling lather

Wash the soiled area, or your whole body

Dry with a dry wipe or towel
